DETAILED ACTION

Claims 1-14 and 17-23 were allowed in the Notice of Allowance entered on 10 November 2008, 8 May 2009, and on 26 September 2009. A statement of reasons for allowance can be found in the 10 November 2008 Notice of Allowance.

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 18 November 2009 has been entered.

Claims 1-14 and 17-23 are allowed.

Information Disclosure Statement

The information disclosure statements (IDS) submitted on 18 November 2009 was filed after the mailing date of the Notice of Allowance on 26 August 2009. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

The Examiner has made several corrections to the citations found on the attached PTO-1449. These corrections are based on the apparently correct information found in the attached references.

Additionally, on page 5 of the PTO-1449, the citation of USPTO Application Number 09/935,454 (CD00194) refers to 51 pages, however the attached document contains only 1 page.

On page 12 of the PTO-1449, the citation of US Patent 7,152,027 to Adreade et al. appears to be inaccurate.

On page 20 of the PTO-1449, the citation of the Adham et al. reference contains no date and states that "0 pages" were submitted.

On page 27 of the PTO-1449, the "Efsthathiou" reference has not been found in the papers submitted. The Examiner submits that a reference which appears to be similar to the citation has been found, but that reference 1) does not name any "Efsthathiou" author, 2) shows a URL that does not match the citation, and 3) shows a date that does not match the citation.

On page 31 of the PTO-1449, the citation of US Patent 7,176,701 to Wachi et al. has been lined through as a duplicate citation.

On page 34 of the PTO-1449, the citation of US Patent 6,253,754 to Roohparvar appears to be inaccurate.

The above-identified citations have been lined through, and the corresponding references have not been considered.
